

Check In Check Out system and times:

Students who are struggling will check in with a different staff member at multiple times during the day for a POSITIVE interaction. Times will be: leaving breakfast (8am), morning recess (10), after lunch/before noon recess (12:00), brain break time (2pm) and before lining up for the bus (3:50).

This is a mandatory intervention and students CANNOT be denied going to visit their mentor.

Some students who need an extra boost will check in after breakfast and 3:50. See the student/mentor list below for more details.

Remember: Positives ONLY. This is NOT a time to tell the naughty kids why they're naughty, nor nag them about what they did or didn't do. It should take a minute or so to come in, get a hug or high five, ask how they're doing, give a brief pep talk and send them on their way.

As always, if you feel there's someone who should be added, let me know.
