What did YOU do? Please be Specific. Start with "I", and tell me later about what the other student did.

What was wrong with that? Who did you hurt or what rule did you break? How do you know?

What were you trying to achieve, or what was the problem you were trying to resolve? (Did you want attention, or were you trying to show off? Did you want to be left alone? Did you want your own way? Did you want someone to listen to you? Were you already upset about something else?)

How will you do things differently next time, without hurting anyone, or breaking any rules? Please list 3 ways to solve the problem or reach the goal.
